Reviewer Acknowledgements

We at the *MIS Quarterly* would like to thank the many excellent reviewers who have volunteered their time and expertise to make this an outstanding journal in the field. Their dedication has allowed us to bring you quality articles in a timely manner.

The *MIS Quarterly* is continually seeking additional people who are willing to conduct quality reviews of manuscripts. More specifically, reviewers are expected to carefully read a paper and provide written, constructive comments for the author. If you are interested, please fill out the reviewer form at the end of this section, and return it to the *MIS Quarterly*.
