INFORMATION ABOUT THE *MIS QUARTERLY*

Objective

The *MIS Quarterly* publishes high-quality research about the development of information technology-based services, the management of information technology resources, and the economics and use of information technology with managerial and organizational implications. Refer to our web site (www.misq.org) for the full and most-recent statement of our editorial policy. The *MIS Quarterly* is abstracted. Copies of articles are also made available through EBSCO Publishing.

Founding and Sponsors

The *MIS Quarterly* was begun in 1977 through the joint efforts of the Management Information Systems Research Center (MISRC) of the University of Minnesota and the Society for Information Management (SIM). Founded in 1968, SIM is an international organization for information executives. Its members include chief information officers, vice presidents of information services organizations, key staff members from leading U.S. and international corporations and government agencies, educators, researchers, and systems executives at institutions of higher learning. In 2002, SIM transferred its ownership in the *MIS Quarterly*, including copyrights, to the MISRC. The *MIS Quarterly* acknowledges and appreciates the critical role of SIM in founding and encouraging the growth of the journal. The *MIS Quarterly* is included in some SIM membership categories; it is an option in other categories. Applications for SIM membership must be addressed to the Society for Information Management, 401 North Michigan Avenue, Chicago, IL 60611-4267. Address changes and claims for journal subscriptions obtained through **SIM membership** should be sent to the SIM address.

Since its formation, the Association for Information Systems (AIS) has been a subscription sponsor of the *MIS Quarterly*. AIS is the global professional society for information systems academics. It was founded in 1995 and has more than 4,000 members in 40 countries. It sponsors the International Conference on Information Systems (ICIS), the leading international conference for information systems research. AIS also sponsors ISWorld, a major Web-based resource for information systems scholars. To ensure that AIS is truly global, its leadership rotates through three world regions: the Americas, Europe-Mid-East-Africa, and Asia-Pacific. In 2002, the *MIS Quarterly* entered into an alliance with AIS to provide AIS members with password-enabled electronic access to both current and past issues of the *MIS Quarterly*. As part of this alliance, AIS is represented on the MISQ Policy Council. The Council provides policy direction and oversight to the journal. AIS members may also subscribe to print versions of the *MIS Quarterly* at a reduced rate as a benefit of membership. Membership applications and information concerning AIS may be obtained from: AIS, P.O. Box 2712, Atlanta, GA 30301-2712, U.S.A.; Phone: +1.404.463.9590; Fax: +1.404.651.4938; E-mail: Membership@isnet.org; Web: <http://aisnet.org/>. Address changes and claims for those who receive *MIS Quarterly* through AIS should be sent to the *MIS Quarterly* at misq@csom.umn.edu.

Subscribing to the *MIS Quarterly*

Subscription rates for 2008 are U.S. individual, \$100.00; U.S. library/institution, \$175.00; U.S. student, \$90.00 (student status applies for three years); outside the U.S., individual \$115.00; library/institution, \$200.00; student \$105.00 (includes air shipment). Payment must be made in U.S. dollars drawn on a U.S. account by check, by U.S. postal money order, or by MasterCard, VISA, Diner's Club, Discover Card, and American Express. Back issues and individual articles are available in hard copy or pdf format.

Subscription and back-issue orders, address changes, and claims for **regular subscribers**, as well as requests for reprint permission should be addressed to the editorial offices: *MIS Quarterly*, Carlson School of Management, University of Minnesota, 321 19th Avenue South, Minneapolis, MN 55455 U.S.A. (Telephone: +1.612.624.2035; fax: +1.612.626.5185; e-mail: misq@csom.umn.edu; URL: <http://www.misq.org>).

Submitting a Manuscript

MIS Quarterly is a peer-reviewed journal that uses a double-blind review process. Please note that a manuscript should be submitted as a word-processing file (Word or WordPerfect) attached to an e-mail. For detailed information on how to submit a manuscript for possible publication, visit the *MIS Quarterly* web site (www.misq.org).

This Special Issue is dedicated to
Prem Premkumar

G. "Prem" Premkumar passed away during the late stages of preparing this Special Issue. Prem, the Union Pacific Professor of Information Systems at Iowa State University, was Bill King's former doctoral student; he was a gentle person who was loved and respected by all who knew him. He had completed his work on the SI at the time of his death. It is with great regret and sadness that the co-editors acknowledge his significant contributions as Guest Associate Editor to be among his last professional acts. We shall miss him.
