

# MANAGEMENT INFORMATION SYSTEMS QUARTERLY

## Table of Contents

June 1981

Volume 5, Number 2

EDITORIAL PREVIEW .....	ii
-------------------------	----

### INVITED ARTICLE

"The Nature of Organizational Decision Making and the Design of Decision Support Systems," George P. Huber, University of Wisconsin .....	1
---	---

*Examines the nature of organizational decision environments and the DSS that might be specifically designed to assist managers who operate in these environments.*

### APPLICATION

"Data Processing: A State-of-the-Art Survey of Attitudes and Concerns of DP Executives," Alan G. Merten and Dennis G. Severance, University of Michigan .....	11
---	----

*Reports the results of a survey of data processing executives which addressed the characteristics and quality of data processing control systems.*

"The Systems Development Dilemma — A Programming Perspective," Jack Ewers, Honeywell, Inc., and Iris Vessey, University of Queensland .....	33
---	----

*Discusses the use of automated programmer productivity tools, and the important considerations that Information Systems management must make when evaluating the adoption of such tools.*

### THEORY AND RESEARCH

"Key Recurrent Issues in the MIS Implementation Process," Michael J. Ginzberg, New York University .....	47
--	----

*Identifies generic implementation issues which arise during the process stages, and assesses the relative importance of these issues for determining implementation success or failure.*

### REFERENCE LIST OF MIS DOCTORAL DISSERTATIONS

"MIS Doctoral Dissertations: 1973-1980," Scott Hamilton, University of Minnesota, Blake Ives, University of New York, Gordon B. Davis, University of Minnesota. ....	61
--	----

*Presents a comprehensive bibliography of information systems related doctoral dissertations published since 1973.*
