A Study of Open Source  
Software Commons

**Charles M. Schweik  
and Robert C. English**

"At last—a rigorous, empirical assessment of how open-source software commons actually arise, grow and generate value! Charles Schweik and Robert English go beyond hacker folklore to document how a major sector of modern economic production—internet-based software collaboration—actually works."

— David Bollier, commons scholar, activist; author of *Viral Spiral: How the Commoners Built a Digital Republic of Their Own*
