Orders may be faxed to +1.612.626.5185. We also accept EFT payment. Please contact us for payment instructions (misq@umn.edu). If you have additional questions regarding subscription costs, please feel free to contact the *MIS Quarterly* at +1.612.624.5043 or misq@umn.edu.

An underwater photograph of several manatees swimming in clear, greenish water. The central manatee is the largest and most prominent, looking directly at the camera. Other manatees are visible in the background and foreground, slightly out of focus. The lighting is bright, creating ripples on the water's surface.

2016 Society for Information Management Academic Paper Competition

Each year, SIM recognizes innovative business initiatives that use IT to drive measurable results.

If you have researched an important and successful IT-related business initiative, the SIM 2016 Paper Competition Committee invites you to submit an abstract describing this initiative. The work described must be implemented and it must have had a significant impact on the organization involved. Winning papers will be a collaboration between academics and practitioners. Since SIM's focus is toward executive management, the work should describe an initiative of interest to senior IS executives.

For more information, visit www.simnet.org/papercompetition
