

TABLE OF CONTENTS

EDITOR'S COMMENTS: PROACTIVELY ATTENDING TO UNCERTAINTY IN IS RESEARCH	iii
SPECIAL ISSUE: COMPLEXITY AND INFORMATION SYSTEMS RESEARCH IN THE EMERGING DIGITAL WORLD	
<i>Complexity and Information Systems Research in the Emerging Digital World</i> Hind Benbya, Ning Nan, Hüseyin Tanriverdi, and Youngjin Yoo	1
<i>The Dynamics of Drift in Digitized Processes</i> Brian T. Pentland, Peng Liu, Waldemar Kremser, and Thorvald Hærem	19
<i>Taming the Complexity in Search Matching: Two-Sided Recommender Systems on Digital Platforms</i> Onkar Malgonde, He Zhang, Balaji Padmanabhan, and Moez Limayem	49
<i>Organized Complexity of Digital Business Strategy: A Configurational Perspective</i> YoungKi Park and Sunil Mithas	85
<i>Digitization and Phase Transitions in Platform Organizing Logics: Evidence from the Process Automation Industry</i> Johan Sandberg, Jonny Holmström, and Kalle Lyytinen	129
<i>The Evolution of Information Systems Architecture: An Agent-Based Simulation Model</i> Kazem Haki, Jannis Beese, Stephan Aier, and Robert Winner	155
SPECIAL ISSUE: THE ROLE OF INFORMATION SYSTEMS AND ANALYTICS IN CHRONIC DISEASE PREVENTION AND MANAGEMENT	
<i>Connecting Systems, Data, and People: A Multidisciplinary Research Roadmap for Chronic Disease Management</i> Indranil Bardhan, Hsinchun Chen, and Elena Karahanna	185
<i>Trajectories of Repeated Readmissions of Chronic Disease Patients: Risk Stratification, Profiling, and Prediction</i> Ofir Ben-Assuli and Rema Padman	200
<i>Chronic Disease Management: How IT and Analytics Create Healthcare Value Through the Temporal Displacement of Care</i> Steve Thompson, Jonathan Whitaker, Rajiv Kohli, and Craig Jones	227
<i>Go to You Tube and Call Me in the Morning: Use of Social Media for Chronic Conditions</i> Xiao Liu, Bin Zhang, Anjana Susarlia, and Rema Padman	257
<i>A Data Analytics Framework for Smart Asthma Management Based on Remote Health Information Systems with Bluetooth-Enabled Personal Inhalers</i> Junbo Son, Patricia Flatley Brennan, and Shiyu Zhou	285
<i>A Comprehensive Analysis of Triggers and Risk Factors for Asthma Based on Machine Learning and Large Heterogeneous Data Sources</i> Wenli Zhang and Sudha Ram	305
<i>Examining How Chronically Ill Patients' Reactions to and Effective Use of Information Technology Can Influence How Well They Self-Manage Their Illness</i> Azadeh Savoli, Henri Barki, and Guy Paré	351
<i>The Effects of Participating in a Physician-Driven Online Health Community in Managing Chronic Disease: Evidence from Two Natural Experiments</i> Qianqian Ben Liu, Xiaoxiao Liu, and Xitong Guo	391
<i>Cascading Feedback: A Longitudinal Study of a Feedback Ecosystem for Telemonitoring Patients with Chronic Disease</i> Kathryn Brohman, Shamel Addas, Jeff Dixon, and Alain Pinsonneault	421
<i>IT-Enabled Self-Monitoring for Chronic Disease Self-Management: An Interdisciplinary Review</i> Jinglu Jiang and Ann-Frances Cameron	451

INFORMATION ABOUT THE *MIS QUARTERLY*

Objective

The *MIS Quarterly* publishes high-quality research about the development of information technology-based services, the management of information technology resources, and the economics and use of information technology with managerial and organizational implications. Refer to our web site (www.misq.org) for the full and most-recent statement of our editorial policy. The *MIS Quarterly* is abstracted. Copies of articles are also made available through EBSCO Publishing. Reprint permission is available through Copyright Clearance Center, or by contacting the journal directly at misq.org.

Founding and Sponsors

The *MIS Quarterly* was begun in 1977 through the joint efforts of the Management Information Systems Research Center (MISRC) of the University of Minnesota and the Society for Information Management (SIM). Founded in 1968, SIM is an international organization for information executives. Its members include chief information officers, vice presidents of information services organizations, key staff members from leading U.S. and international corporations and government agencies, educators, researchers, and systems executives at institutions of higher learning. In 2002, SIM transferred its ownership in the *MIS Quarterly*, including copyrights, to the MISRC. The *MIS Quarterly* acknowledges and appreciates the critical role of SIM in founding and encouraging the growth of the journal. The *MIS Quarterly* is included in some SIM membership categories; it is an option in other categories. Applications for SIM membership must be addressed to the Society for Information Management, 15000 Commerce Parkway, Suite C, Mount Laurel, NJ 08054 (www.simnet.org). Address changes and claims for journal subscriptions obtained through **SIM membership** should be sent to the SIM address.

Since its formation, the Association for Information Systems (AIS) has been a subscription sponsor of the *MIS Quarterly*. AIS is the global professional society for information systems academics. It was founded in 1995 and has more than 4,000 members in 40 countries. It sponsors the International Conference on Information Systems (ICIS), the leading international conference for information systems research. AIS also sponsors ISWorld, a major Web-based resource for information systems scholars. To ensure that AIS is truly global, its leadership rotates through three world regions: the Americas, Europe-Mid-East-Africa, and Asia-Pacific. In 2002, the *MIS Quarterly* entered into an alliance with AIS to provide AIS members with password-enabled electronic access to both current and past issues of the *MIS Quarterly*. As part of this alliance, AIS is represented on the MISQ Policy Council. The Council provides policy direction and oversight to the journal. Membership applications and information concerning AIS may be obtained from: AIS, P.O. Box 2712, Atlanta, GA 30301-2712, U.S.A.; Phone: +1.404.413.7445; Fax: +1.404.413.7443; E-mail: Membership@aisnet.org; Web: <http://aisnet.org/>. Address changes and claims for AIS member subscribers should be sent to the *MIS Quarterly* at misq@umn.edu.

Subscribing to the *MIS Quarterly*

Beginning with this volume, *MIS Quarterly* (ISSN: 2162-9730) is an online-only journal. Subscription rates for 2020 are \$225.00 U.S. for individuals and \$1,000.00 U.S. for libraries/institutions and includes access to all content for one year. Payment must be made in U.S. dollars drawn on a U.S. account by check, by U.S. postal money order, or by MasterCard, Visa, Diner's Club, Discover Card, or American Express. Back issues and individual articles are available in pdf format. For additional information, contact us at misq@umn.edu.

Requests for reprint permission should be addressed to the editorial offices: MIS Quarterly, Carlson School of Management (4-339), University of Minnesota, 321 19th Avenue South, Minneapolis, MN 55455 U.S.A. (Telephone: +1.612.624.2035; fax: +1.612.626.5185; e-mail: misq@umn.edu; URL: <http://www.misq.org>).

Submitting a Manuscript

MIS Quarterly is a peer-reviewed journal that uses a double-blind review process. Manuscripts should be submitted through the *MIS Quarterly* Scholar One Manuscripts site at <http://mc.manuscriptcentral.com/misq>. For detailed information on how to submit a manuscript for possible publication, visit the *MIS Quarterly* web site (<http://www.misq.org>).
