INFORMATION ABOUT THE *MIS QUARTERLY*

Objective

The *MIS Quarterly* publishes high-quality research about the development of information technology-based services, the management of information technology resources, and the economics and use of information technology with managerial and organizational implications. Refer to our web site for the full and most-recent statement of our editorial policy. The *MIS Quarterly* is abstracted. Copies of articles are also made available through EBSCO Publishing. Reprint permission is available through the Copyright Clearance Center.

Founding and Sponsors

The *MIS Quarterly* began in 1977 through the joint efforts of the Management Information Systems Research Center (MISRC) of the University of Minnesota and the Society for Information Management (SIM). Founded in 1968, SIM is an international organization for information executives. Its members include chief information officers, vice presidents of information services organizations, key staff members from leading U.S. and international corporations and government agencies, educators, researchers, and systems executives at institutions of higher learning. In 2002, SIM transferred its ownership in the *MIS Quarterly*, including copyrights, to the MISRC. The *MIS Quarterly* acknowledges and appreciates the critical role of SIM in founding and encouraging the growth of the journal. The *MIS Quarterly* is included in some SIM membership categories; it is an option in other categories. Applications for SIM membership must be addressed to the Society for Information Management, 15000 Commerce Parkway, Suite C, Mount Laurel, NJ 08054 (www.simnet.org). Address changes and claims for journal subscriptions obtained through **SIM membership** should be sent to the SIM address.

Since its formation, the Association for Information Systems (AIS) has been a subscription sponsor of the *MIS Quarterly*. AIS is the global professional society for information systems academics. It was founded in 1995 and has more than 4,000 members in 40 countries. AIS sponsors the International Conference on Information Systems (ICIS), the leading international conference for information systems research. It also sponsors ISWorld, a major web-based resource for information systems scholars. To ensure that AIS is truly global, its leadership rotates through three world regions: the Americas, Europe-Mid-East-Africa, and Asia-Pacific. In 2002, the *MIS Quarterly* entered into an alliance with AIS to provide AIS members with password-enabled electronic access to both current and past issues of the *MIS Quarterly*. As part of this alliance, AIS is represented on the MISQ Policy Council. The Council provides policy direction and oversight to the journal. Membership applications and information concerning AIS may be obtained from: AIS, P.O. Box 2712, Atlanta, GA 30301-2712, U.S.A.; Phone: +1.404.413.7445; Fax: +1.404.413.7443; E-mail: Membership@aisnet.org; Web: http://aisnet.org/.
